SCRIP News

SCRIP was closed out last month and is reflected on your November tuition statement. In the last 6 months, we paid out almost \$15,000 in tuition and lunch money to HCS and Western. Wow! Keep it up, it pays!

SCRIP Business Gifts: It's the time of year to say thank you to business associates, customers, teachers, and employees. SCRIP offers something for everyone! Gift cards are always a welcome surprise.

**Christmas is right around the corner! You don't have to spend a lot to delight friends and family. Check out our SCRIP selections from \$5-\$100!!

Building Project Needs

The next five issues of the Knightly News, will feature one area of need that will be met in phase one of our building project. This includes additional classrooms, a designated middle school area, workspace for outside services that our students need, an office location with a single point of entry and space for after school programs.

Additional classroom space is part of the blessing that comes because of the increased enrollment and that is what this Knightly News issue focuses on. HCS currently has two grades that are separated all day and two grades that are separated only in the morning. This has caused our Discovery Lab (science lab/art room) to be used as a full-time classroom. This is not an ideal set up for a classroom, and it is hard for teachers who need lab areas for science or easy-to-clean areas for art projects. We also have two elementary classes that are meeting downstairs. One of those classrooms shares the room with the orchestra students. A goal of the previous building project was to designate these rooms for after school programs and as a multi-purpose meeting space. However, those two rooms had to be repurposed into classrooms because of enrollment growth (see chart for details). The building project will be adding on seven new classrooms both to the east and northeast of the current building. This will meet the current and future needs of HCS as enrollment continues to rise and students' needs change. These classrooms will also be larger than most of the classrooms in school. This will allow teachers to set up their classrooms to better meet the needs of the students.

Give A Book

The holidays are quickly approaching! Give the aift of reading by adding to the Hull Christian library this holiday season. Our "Give a Book" program lets parents, grandparents, aunts, uncles, or anyone donate \$10 for a student to choose from a bin of brand new books to add to the library. They are the first students who get to check out and read these books. They also get to add a sticker with their name and the donor's name on the book on the inside of the cover. Kids love being able to pick out new books! Drop off your donations and the name of the child you're donating for in the office. Thank you to all of those who have donated so far including Jim and Lee Oostenink donating in honor of Rex, Grandma & Grandpa De Vries donating in honor of grandchildren Hamilton and Hollis, and Mari De Kam donating in honor of granddaughter Bristol.

Virtual Reality Glasses in Government

The 4th graders got to use VR glasses to see different places that they have been learning about in their government unit in social studies! They "visited" buildings around Washington D.C. as well as the Iowa State Capitol.
